

Organised by Red Cross

Two grueling days of paddling is the best way to describe this course, with long deep water holes similar to the Gregory, a lot of portages, a few small rapids, and lots of shallow water. Second day is 25 km of water holes, rapids and shallow water downstream, turn around a buoy and paddle back upstream to starting point. Organised by the Red Cross, they did a fabulous job of catering for the 136 paddlers. \$7,000 was raised during the weekend. Outright winners were Gary Pickering and David Jacques (Mt. Isa) in a TK2 with a time of 7.36.35

JUNE 1983.

15 paddlers from Mt. Isa made the 12 hr. drive and it obviously paid off by the look of the results.
